

Colibri-SD

Digital Stereo Voice Recorder

Voice recorder Colibri-SD with Stereo Mode (2 microphones) and micro SD card is manufactured in two versions:

- in the casing of access card (RFID) and
- in the casing of USB-flash drive

In casing of card
USB-flash drive

Opportunities and advantages

Credit card sized recorder Colibri-SD distinguishes high microphones sensitivity, which enables top-quality recording in complicated acoustic environment, including noisy areas and street. Built-in lithium-polymer rechargeable battery allows for at least 20 hours of continuous recording or certain time periods that can be implemented with two types of timers. Control and indication of the Recorder's modes are carried out using two hole-buttons and three-color LED on the rear side of the device. Information recorded onto the Colibri-SD is protected by digital signature, which makes it possible to identify whether the recorded information has been modified.

(pass, ID card)

Technical characteristics:

Dimensions	86 x 54 x 2.7 mm;
Weight	17 g;
Battery life in Record Mode	at least 20 hours.
Recording format	WAVE PCM Stereo.
Sample rate	8kHz, 16kHz, 32kHz, 44.1 kHz
Audio codec	16-bit
Power supply	built-in lithium-polymer rechargeable battery;
MicroSD card capacity	2 GB;
Dynamic range	80 dB;
Frequency band	at least 16 kHz;
Built-in battery capacity	120-180 mA·h;
Battery life in Power Saving Mode:	more than 3000 hours;
Option of automatically recording by two timers	-Daily (to set daily record start time and stop time) -Schedule (to set time and date of record start/stop)

Delivery set

- Voice Recorder Colibri-SD
- Micro SD card with software
- Micro SD adapter (for connection to PC)
- USB adapter for charging
- User manual
